Dear Mr. Bortz:

On behalf of St. Michael's Hospital and the entire committee of the Brazilian Carnival Ball 2002, we want to thank you for your generous support. With your help we were able to not only reach our goal of 1.5 million dollars for a Chair in Heart Disease Research but to surpass it by a phenomenal \$500,000!

As Co-Chairs of this year's Ball we were challenged by an impossibly flat economy compounded by the events of September 11<sup>th</sup>. While we recognized these unfortunate circumstances we refused to become discouraged. Quite simply, we had absolute confidence in the innate need communities and individuals have to unite and contribute in difficult times. We also know that St. Mike's, a hospital known for its caring, compassionate "heart" would inspire the community at large both corporately and individually to work together with us to realize financial success.

On April 28th we celebrated a major step forward in the fight against heart disease, your participation was greatly appreciated.

Sincerely,

Patti Cunningham

Ann P. Deluce
